Forecast for Thursday 19 Aug 2021

Weather: Many ranges will have a dry and rather cloudy day. A light shower possible across the southwest around Rannoch Moor and Ben Alder at any time through the day.

Chance of cloud free mountain/hill tops above 800m: 60%

Visibility: Poor in low cloud down to 500 to 700 metres across the south of the area, which may be extensive in the morning before becoming patchy in nature in the afternoon. Ranges across the north may see a little low cloud at first, otherwise any cloud confined to 900 metres or above, and very good visibility otherwise.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Met Office Aberdeen Meteorologist's View
Best chance of cloud free summits will be in the northwest of the region towards Monadhlaith. Feeling rather cold at height under cloud cover.

Forecast for Friday 20 Aug 2021
Weather: Mainly dry with a fair amount of cloud, perhaps an isolated light shower. Cloud tending to lift off most summits from the south in the afternoon. Rain may spread from the southwest in the evening but low confidence in this aspect.

Maximum wind: Southerly 15 mph

Chance of cloud free mountain/hill tops above 800m: 80%

Visibility: Poor in low cloud down to 700 metres at first, this chiefly across the south of the region. This will be largely confined to higher summits by the afternoon and become much more broken in nature. Cloud may lower to 700 metres in the south of the region in evening rain later.

Temperature: **Glens:** Plus 8 rising to 18 Celsius
At 800m: Plus 10 Celsius
Freezing level: Above summits
